

2017 Project of the Year Awards Nomination Form

(Projects in the USA completed or scheduled to be completed between January 1, 2016 and December 31, 2017)

Publication and Copyright Release: *Project descriptions, photographs, and any other materials submitted with the Awards Form may be used by SCA for press releases, social media, publications, and posting on the SCA website. By submitting the materials for your project, you are providing permission to SCA to use the information, including copyrighted material, without restriction and on a royalty-free basis.*

For detailed instructions and deadline, please see page 4.

General Project Information

Project Name:

Project Address/Location:

City:

State:

Postal Code:

Project completion or scheduled completion date:

Construction Work Duration:

Project Size (Dimensions, Area, Span):

Award Category (check all that may apply):

Sustainability

Durability

High Performance

Architectural

Green Design

Innovative Applications

Project Type:

Low-Rise Building (up to 3 stories)

Mid-Rise Building (4-15 stories)

High-Rise Buildings (15+ stories)

Infrastructure

Decorative Concrete

Repair and Restoration

Soil Stabilization

Project Details

Describe your project in 200 words or less, including pertinent information about size, function, end user or owner, and unique attributes.

How and why was slag cement used in the project? Provide relevant information such as: type of application (e.g. mass concrete, self-consolidating concrete, soil stabilization, and waste treatment), mix information/proportions, specification requirements, and performance needs (e.g. workability, early/late age strength, durability, appearance).

How did slag cement contribute to project success? (E.g. what were project results using slag cement, such as strength, speed, constructability, appearance)

Describe innovative or notable aspects of the project that may not have to do with the use of slag cement:

Project Team

Award winning teams will be honored during the 2018 American Concrete Institute Spring Convention where team members will receive plaques for their role in the project. **Please note some fields are required.** Required fields left blank will be disqualified. If there is not a person on the team that fits the category, please write N/A.

Instructions

- Please complete the form as fully as possible. If you are lacking certain information, leave that field blank. If the form does not offer enough space for the details you wish to present, submit an attachment with further supporting information.
- The more complete your application is, the easier it will be for judges to evaluate the merits of your project. The judging panel—the SCA Technical and Marketing Committee—will not perform additional research on any project beyond what is presented on this form and attachments. In addition to completing this form, you may submit additional supporting information, including more detailed project descriptions, photos (as prints or in high-resolution digital format, 300 dpi .jpg or .tif), videos, testimonials, from project team members, project reports/test data, articles, past awards—anything that will help.
- Complete the form to the best of your ability. Clearly label every component, including attachments and images, with the name of your project and your contact information. Return it to Drew Burns, SCA Marketing Coordinator:
 - email: drew.burns@slagcement.org
 - mail: Drew Burns
Slag Cement Association
38800 Country Club Drive
Farmington Hills MI 48331
(attn: 2017 SCA Project Awards)
- **Deadline:** entry forms must be **received** by SCA no later than November 30, 2017.
- Projects for awards will be selected by January 15, 2018.
- Presentation of the awards is being planned for the Spring 2018 ACI Convention in Salt Lake City, UT, March 25-29, 2018 in conjunction the ACI 233 Ground Slag in Concrete Meeting (EXACT VENUE AND DATE YET TO BE CONFIRMED).
